Section 4. The Agreement, in substantially the form submitted to this meeting, is approved and the bonds are hereby sold to the Purchaser at a purchase price which shall not be below 98.25% of par plus accrued interest (the "Purchase Price"). The Mayor is hereby authorized and directed to complete the Agreement and execute and deliver the same on behalf of the City and to take all action required on the part of the City to fulfill its obligations under the Agreement.

Section 6. Under the authority of the Constitution and laws of the State of Arkansas (the "State"), including particularly Title 14, Chapter 234, Subchapter 2, Title 14, Chapter 164, Subchapter 4, and Title 14, Chapter 235, Subchapter 2 of the Arkansas Code of 1987 Annotated and applicable decisions of the Supreme Court of the State, including particularly City of Harrison v. Braswell, 209 Ark. 1094, 194 S.W. 2d 12 (1946), City of Eureka Springs, Arkansas Water and Sewer Revenue Bonds, Series 2000 are hereby authorized and ordered issued in the maximum principal amount of \$2,785,000 for the purpose of financing all or a portion of the costs of accomplishing the Improvements, funding a debt service reserve and paying expenses of issuing the bonds. The bonds shall bear interest at an average interest rate of not to exceed 5.95%, shall have a weighted average maturity (taking into account mandatory sinking fund redemptions) of not greater than 14 years and shall mature not later than December 1, 2022. The interest rates and maturities of the bonds shall be established by an ordinance to be adopted by the City Council prior to the bonds being issued.

The bonds shall be dated December 1, 2000 and shall be issuable only as fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof. Unless the City shall otherwise direct, the bonds shall be numbered from 1 upward in order of issuance. Each bond shall have a CUSIP number.

Interest on the bonds shall be payable on June 1, 2001, and semiannually thereafter on June 1 and December 1 of each year. Payment of each installment of interest shall be made to the person in whose name the bond is registered on the registration books of the City maintained by BancorpSouth Bank, Stuttgart, Arkansas, as Trustee and Paying Agent (the "Trustee"), at the close of business on the fifteenth day of the month (whether or not a business day) next preceding each

interest payment date (the "Record Date"), irrespective of any transfer or exchange of any such bond subsequent to such Record Date and prior to such interest payment date.

Each bond shall bear interest from the payment date next preceding the date on which it is authenticated unless it is authenticated on an interest payment date, in which event it shall bear interest from such date, or unless it is authenticated prior to the first interest payment date, in which event it shall bear interest from December 1, 2000, or unless it is authenticated during the period from the Record Date to the next interest payment date, in which case it shall bear interest from such interest payment date, or unless at the time of authentication thereof interest is in default thereon, in which event it shall bear interest from the date to which interest has been paid.

Only such bonds as shall have endorsed thereon a Certificate of Authentication substantially in the form set forth in Section 8 hereof (the "Certificate") duly executed by the Trustee shall be entitled to any right or benefit under this Ordinance. No bond shall be valid and obligatory for any purpose unless and until the Certificate shall have been duly executed by the Trustee, and the Certificate upon any such bond shall be conclusive evidence that such bond has been authenticated and delivered under this Ordinance. The Certificate on any bond shall be deemed to have been executed if signed by an authorized officer of the Trustee, but it shall not be necessary that the same officer sign the Certificate on all of the bonds.

In case any bond shall become mutilated or be destroyed or lost, the City shall, if not then prohibited by law, cause to be executed and the Trustee may authenticate and deliver a new bond of like date, maturity and tenor in exchange and substitution for and upon cancellation of such mutilated bond, or in lieu of and in substitution for such bond destroyed or lost, upon the owner paying the reasonable expenses and charges of the City and Trustee in connection therewith, and, in the case of a bond destroyed or lost, his filing with the Trustee evidence satisfactory to it that such bond was destroyed or lost, and of his ownership thereof, and furnishing the City and Trustee with indemnity satisfactory to them. The Trustee is hereby authorized to authenticate any such new bond. In the event any such bond shall have matured, instead of issuing a new bond, the City may pay the same without the surrender thereof. Upon the issuance of a new bond under this Section, the City may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) connected therewith.

The City shall cause books to be maintained for the registration and for the transfer of the bonds as provided herein and in the bonds. The Trustee shall act as the bond registrar. Each bond is transferable by the registered owner thereof or by his attorney duly authorized in writing at the principal office of the Trustee. Upon such transfer a new fully registered bond or bonds of the same maturity, of authorized denomination or denominations, for the same aggregate principal amount will be issued to the transferee in exchange therefor.

No charge shall be made to any owner of any bond for the privilege of transfer or exchange, but any owner of any bond requesting any such transfer or exchange shall pay any tax or other governmental charge required to be paid with respect thereto. Except as otherwise provided in the immediately preceding sentence, the cost of preparing each new bond upon each exchange or transfer and any other expenses of the City or the Trustee incurred in connection therewith shall be paid by the City. The City shall not be required to transfer or exchange any bonds selected for redemption in whole or in part.

The person in whose name any bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of the principal or premium, if any, or interest of any bond shall be made only to or upon the order of the registered owner thereof or his legal representative, but such registration may be changed as hereinabove provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such bond to the extent of the sum or sums so paid.

In any case where the date of maturity of interest on or principal of the bonds or the date fixed for redemption of any bonds shall be a Saturday or Sunday or shall be in the State a legal holiday or a day on which banking institutions are authorized by law to close, then payment of interest or principal (and premium, if any) need not be made on such date but may be made on the next succeeding business day with the same force and effect as if made on the date of maturity or the date fixed for redemption, and no interest shall accrue for the period after the date of maturity or date fixed for redemption.

Section 7. The bonds shall be executed on behalf of the City by the manual or facsimile signatures of the Mayor and City Clerk and shall have impressed or imprinted thereon the seal of the City. The bonds, together with interest thereon, are secured by and are payable solely from revenues derived from the System ("Revenues") which are hereby pledged and mortgaged for the equal and ratable payment of the bonds. The bonds shall not constitute an indebtedness of the City within any constitutional or statutory limitation.

Section 8. The bonds and the Certificate shall be in substantially the following form and the Mayor and City Clerk are hereby expressly authorized and directed to make all recitals contained therein:

REVENUE BOND, SERIES 2000

The bonds shall be subject to extraordinary, optional and mandatory sinking fund redemption as follows:

1. The bonds shall be redeemed from proceeds of the bonds which are not needed for the purposes intended, in whole or in part, on any interest payment date, in inverse order of maturity (and by lot within a maturity in such manner as the Trustee shall determine), at a price equal to the principal amount being redeemed plus accrued interest to the redemption date.

2. The bonds are also subject to redemption at the option of the City on and after December 1, 2006 from funds from any source, in inverse order of maturity (bonds within a maturity to be selected by lot in such manner as the Trustee may determine) in whole at any time or in part on any interest payment date, at a redemption price equal to the principal amount being redeemed plus accrued interest to the redemption date.

3. To the extent not previously redeemed, the bonds maturing on December 1, _____ are subject to mandatory sinking fund redemption by lot in such manner as the Trustee shall determine, on December 1 in the years and in the amounts set forth below, at a redemption price equal to the principal amount being redeemed plus accrued interest to the date of redemption:

Bonds Maturing December 1, _____

<u>Year</u>	<u>Principal Amount</u>	<u>Year</u>	<u>Principal Amount</u>
	\$		\$

The provisions for mandatory sinking fund redemption of the bonds are subject to the provisions of the Authorizing Ordinance which permit the City to receive credit for bonds previously redeemed or for bonds acquired by the City and surrendered to the Trustee.

In case any outstanding bond is in a denomination greater than \$5,000, each \$5,000 of face value of such bond shall be treated as a separate bond of the denomination of \$5,000.

Notice of redemption identifying the bonds or portions thereof (which shall be \$5,000 or a multiple thereof) to be redeemed shall be given by the Trustee, not less than 30 nor more than 60 days prior to the date fixed for redemption, by mailing a copy of the redemption notice by first class mail, postage prepaid, to all registered owners of bonds to be redeemed. Failure to mail an appropriate notice or any such notice to one or more registered owners of bonds to be redeemed shall not affect the validity of the proceedings for redemption of other bonds as to which notice of redemption is duly given in proper and timely fashion. All such bonds or portions thereof thus called for redemption and for the retirement of which funds are duly provided in accordance with the Authorizing Ordinance prior to the date fixed for redemption will cease to bear interest on such redemption date.

This bond is transferable by the registered owner hereof in person or by his attorney-in-fact duly authorized in writing at the principal corporate trust office of the Trustee, but only in the manner, subject to the limitations and upon payment of the charges provided in the Authorizing Ordinance, and upon surrender and cancellation of this bond. Upon such transfer a new fully registered bond or bonds of the same maturity, of authorized denomination or denominations, for the same aggregate principal amount, will be issued to the transferee in exchange therefor. This bond is issued with the intent that the laws of the State shall govern its construction.

The City and the Trustee may deem and treat the registered owner hereof as the absolute owner hereof for the purpose of receiving payment of or on account of principal hereof and premium, if any, hereon and interest due hereon and for all other purposes, and neither the City nor the Trustee shall be affected by any notice to the contrary.

The bonds are issuable only as fully registered bonds in the denomination of \$5,000, and any integral multiple thereof. Subject to the limitations and upon payment of the charges provided in the Authorizing Ordinance, fully registered bonds may be exchanged for a like aggregate principal amount of fully registered bonds of the same maturity of other authorized denominations.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of the bonds

do exist, have happened and have been performed in due time, form and manner as required by law; that the indebtedness represented by the bonds, together with all obligations of the City, does not exceed any constitutional or statutory limitation; and that the above referred to revenues pledged to the payment of the principal of and premium, if any, and interest on the bonds as the same become due and payable will be sufficient in amount for that purpose.

This bond shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Authorizing Ordinance until the Certificate of Authentication hereon shall have been signed by the Trustee.

Section 9. The rates charged for services of the System heretofore fixed by ordinances of the City and the conditions, rights and obligations pertaining thereto, as set out in those ordinances, are ratified, confirmed and continued.

The City covenants that the rates shall never be reduced while any of the bonds are outstanding unless there is obtained from an independent certified public accountant ("Accountant") a certificate that the Net Revenues of the System (Net Revenues being defined as gross Revenues less the expenses of operation and maintenance of the System, including all expense items properly attributable to the operation and maintenance of the System under generally accepted accounting principles applicable to municipal water and sewer facilities other than depreciation, interest and amortization of deferred bond discount expenses), with the reduced rates, will always be equal to the amount required to be set aside for the Depreciation Fund (hereinafter described) and leave a balance equal to at least 120% of the aggregate average annual principal and interest requirements on all outstanding bonds to which Revenues are pledged ("System Bonds"). The City further covenants that the rates shall, if and when necessary from time to time, be increased in such manner as will produce Net Revenues equal to at least 120% of the aggregate average annual principal and interest requirements on all System Bonds. The City also agrees that Net Revenues shall always be sufficient to make the required deposits into the Depreciation Fund hereinafter identified and to otherwise comply with the provisions of the Authorizing Ordinance and all ordinances authorizing System Bonds.

Section 10. The Treasurer of the City shall be the custodian of Revenues and shall give bond or provide other security for the faithful discharge of his or her duties. Such bond or other security shall be approved by the City Council. All Revenues shall at all times be accounted for separately and distinctly from other moneys of the City. All Revenues shall be used and applied only as provided herein and shall be deposited in such depository or depositories for the City as may be lawfully designated from time to time by the City; subject, however, to the giving of security as now or as hereafter may be required by law and provided that such depository or depositories shall hold membership in the Federal Deposit Insurance Corporation ("FDIC"). All deposits shall be in the name of the City and shall be so designated as to indicate the particular fund to which Revenues belong. Payments from the respective funds shall be made by check or voucher, signed by the Treasurer and one other person designated by the City and drawn on the depository with which the moneys in the fund shall have been deposited, and each such check or voucher shall briefly specify the purpose of the expenditure. The Trustee shall have no responsibility or liability with respect to the funds established pursuant to this Ordinance, for which it is not a depository.

Section 11. None of the facilities or services afforded by the System shall be furnished without a charge being made therefor. In the event that the City or any department, agency or

instrumentality thereof shall avail itself of the facilities and services afforded by the System, the reasonable value of the services or facilities so afforded shall be charged against the City or such department, agency or instrumentality and shall be paid for as the charges therefor accrue. The revenues so received shall be deemed to be Revenues and shall be used and accounted for in the same manner as any other Revenues. Nothing herein shall be construed as requiring the City or any department, agency or instrumentality thereof to avail itself of the facilities or services afforded by the System.

Section 12. The City covenants that it will continuously operate the System as a revenue-producing undertaking and will not sell or lease the same, or any substantial portion thereof; provided, however, that nothing herein shall be construed to prohibit the City from making such dispositions of properties of the System and such replacements and substitutions for properties of the System as shall be necessary or incidental to the efficient operation of the System as a revenue-producing undertaking.

Section 13. There shall be paid monthly into the special fund heretofore created and designated as the "Water and Sewer Fund" (the "Revenue Fund") all Revenues. Moneys in the Revenue Fund shall be applied to the payment of the reasonable and necessary expenses of operation and maintenance of the System, to the payment of the principal of and interest on System Bonds, to the maintenance of the debt service reserve at the required level, and to the providing of an adequate depreciation fund and otherwise as described herein.

Section 14. There shall be paid from the Revenue Fund into the special fund heretofore created and designated as the "Water and Sewer Operation and Maintenance Fund" (the "Operation and Maintenance Fund"), on the first business day of each month, an amount sufficient to pay the reasonable and necessary monthly expenses of operation, repair and maintenance of the System ("Operation and Maintenance Expenses") for such month and from which disbursements shall be made only for those purposes. There shall be included in Operation and Maintenance Expenses all payments due the Carroll-Boone Water District from the City pursuant to the Memorandum of Understanding and Contract Providing for Construction, Maintenance, Operation and Expenses of the Carroll-Boone Water District Water Supply Facilities dated December 18, 1998, as heretofore or hereafter amended, which contract relates to the purchase of water by the City. Fixed annual charges, such as insurance premiums, and the cost of major repair and maintenance expenses may be computed and set up on an annual basis and one-twelfth (1/12) of the amount thereof may be paid into the Operation and Maintenance Fund each month.

If in any month for any reason there shall be a failure to transfer and pay the required amount into the Operation and Maintenance Fund, the amount of any deficiency shall be added to the amount otherwise required to be transferred and paid into the Operation and Maintenance Fund in the next succeeding month. If in any fiscal year a surplus shall be accumulated in the Operation and Maintenance Fund over and above the amount which shall be necessary to defray the reasonable and necessary cost of operation, repair and maintenance of the System during the remainder of the then

current fiscal year and the next ensuing fiscal year, such surplus may be transferred and deposited in the Revenue Fund.

Section 15. After making payments into the Operation and Maintenance Fund, there shall be paid from the Revenue Fund into a special fund in the name of the City hereby created and designated the "Water and Sewer Revenue Bond Fund" (the "Bond Fund") on the first business day of each month, commencing in the month following the month in which the bonds are issued, until all outstanding bonds, with interest thereon, have been paid in full or provision made for such payment a sum equal to 1/6 of the next installment of interest due on the bonds and 1/12 of the next installment of principal of the bonds.

The City shall also pay into the Bond Fund such additional sums as necessary to provide for the Trustee's fees and expenses (including reasonable legal fees) and the first interest payment and first principal payment on the bonds. The City shall receive a credit against monthly deposits into the Bond Fund from bond proceeds deposited therein, all interest earnings on moneys in the Bond Fund and for transfers into the Bond Fund derived from earnings in the Debt Service Reserve during the preceding month.

There is hereby created, as a part of the Bond Fund, a Debt Service Reserve which shall be maintained by the City in an amount equal to one-half of the maximum annual principal and interest requirements on the bonds (the "Required Level"). Should the Debt Service Reserve become impaired or be reduced below the Required Level, the City shall make additional monthly payments from the Revenue Fund until the impairment or reduction is corrected over a twenty-four month period.

If for any reason the City should fail at any time to make any of the required payments into the Bond Fund, any sums then held in the Debt Service Reserve shall be used to the extent necessary for the payment of principal of or interest on the bonds, with Trustee's fees but the Debt Service Reserve shall be reimbursed from the Revenue Fund as described above before any moneys in the Revenue Fund shall be used for any other purpose other than the making of payments required to be made into the Operation and Maintenance Fund and the Bond Fund. The Debt Service Reserve shall be used solely as provided herein.

If Revenues are insufficient to make the required payment on the first business day of the following month into the Bond Fund, the amount of any such deficiency in the payment made shall be added to the amount otherwise required to be paid into the Bond Fund on the first business day of the next month.

If a surplus shall exist in the Bond Fund over and above the amount required for making all principal and interest payments during the next succeeding twelve month period, and in excess of the Required Level of the Debt Service Reserve, such surplus shall be applied by the City to

the redemption of the bonds that may be called for redemption prior to maturity or shall be transferred by the City to the Revenue Fund.

When the moneys held in the Bond Fund, including the Debt Service Reserve, shall be and remain sufficient to pay the principal of and interest on all of the bonds then outstanding plus Trustee's fees, the City shall not be obligated to make any further payments into the Bond Fund.

It shall be the duty of the City to cause to be withdrawn from the Bond Fund and deposited with the Trustee at least one business day prior to the due date of any principal and/or interest on any bond, at maturity or redemption prior to maturity, the amount of such bond and interest due thereon for the sole purpose of paying the same, together with the Trustee's fee. No withdrawal of funds from the Bond Fund shall be made for any other purpose except as otherwise authorized in this Ordinance.

The bonds shall be specifically secured by a pledge of all Revenues. This pledge in favor of the bonds is hereby irrevocably made according to the terms of this Ordinance, and the City and its officers and employees shall execute, perform and carry out the terms thereof in strict conformity with the provisions of this Ordinance.

Section 16. After making the required monthly deposits into the Operation and Maintenance Fund and the Bond Fund, there shall be paid from the Revenue Fund into the special fund heretofore created and designated as the "Water and Sewer Depreciation Fund" (the "Depreciation Fund"), on the first business day of each month 3% of the gross Revenues for the preceding month. The moneys in the Depreciation Fund shall be used solely for the purpose of paying the cost of replacements made necessary by the depreciation of the System.

If in any fiscal year a surplus shall be accumulated in the Depreciation Fund over and above the amount necessary to defray the cost of the probable replacements during the next twelve months, such surplus may be transferred and paid into the Revenue Fund.

Section 17. Any surplus in the Revenue Fund derived from Revenues, after making all disbursements and providing for all funds described herein, may be used, at the option of the City, for any lawful municipal purpose.

Section 18. So long as any of the bonds are outstanding, the City shall not issue or attempt to issue any bonds claimed to be entitled to a priority of lien on Revenues over the lien securing the bonds. The City reserves the right to issue additional bonds to finance or pay the cost of making any future extensions, betterments or improvements to the System, or to refund bonds issued for such purpose, but the City shall not authorize or issue any such additional bonds ranking on a parity with the bonds, unless and until there have been procured and filed with the Trustee a statement by an Accountant reciting that, based upon necessary investigation, the Net Revenues for the fiscal year immediately preceding the fiscal year in which it is proposed to issue such additional bonds shall

equal not less than 125% of the average annual principal and interest requirements on all the then outstanding System Bonds and the additional bonds then proposed to be issued. For this purpose, Net Revenues means gross Revenues less the amounts required to pay Operation and Maintenance Expenses under generally accepted accounting principles attributable to municipal water and sewer facilities other than depreciation, interest and amortization of deferred bond discount expenses. In making the computation set forth above, additional amounts may be added to the Net Revenues of the completed fiscal year immediately preceding the issuance of additional bonds, as follows: if, prior to the issuance of the additional bonds and subsequent to the first day of such preceding fiscal year, the City shall have increased its rates or charges imposed for services of the System there may be added to the Net Revenues of such fiscal year the additional Net Revenues which would have been received from the operation of the System during such fiscal year had such increase been in effect throughout such fiscal year, as reflected by a certificate of a duly qualified consulting engineer not in the regular employ of the City.

The additional bonds, the issuance of which is restricted and conditioned by this Section, shall be understood to mean System Bonds ranking on a parity of security with the bonds and not System Bonds subordinate in security to the bonds.

Section 19. The City shall cause proper books of accounts and records to be kept (separate from all other records and accounts) in which complete and correct entries shall be made of all transactions relating to the operation of the System, and such books shall be available for inspection by the owner of any of the bonds at reasonable times and under reasonable circumstances. The City agrees to have these records audited by an Accountant at least once each year, and a copy of the audit shall be delivered to the Trustee and made available to the registered owners of the bonds requesting the same in writing. In the event that the City fails or refuses to make the audit, the Trustee or any registered owner of the bonds, may have the audit made, and the cost thereof shall be charged against the Operation and Maintenance Fund.

Section 20. The City covenants and agrees that it will maintain the System in good condition and operate the same in an efficient manner and at reasonable cost. While any of the bonds are outstanding, to the extent that comparable protection is not otherwise provided to the satisfaction of the Trustee, the City agrees that it will insure and at all times keep insured, in the amount of the full insurable value thereof, in a responsible insurance company or companies selected by the City and authorized and qualified under the laws of the State to assume the risk thereof, properties of the System, to the extent that such properties would be covered by insurance by private companies engaged in similar types of businesses, against loss or damage thereto from fire and other perils included in extended coverage in Arkansas. The insurance policies are to carry a clause making them payable to the Trustee as its interest may appear, and satisfactory evidence of said insurance shall be filed with the Trustee. In the event of loss, the proceeds of such insurance shall be applied solely toward the reconstruction, replacement or repair of the System, and in such event the City will, with reasonable promptness, cause to be commenced and completed the reconstruction, replacement and repair work. If such proceeds are more than sufficient for such purposes, the balance remaining shall

be deposited to the credit of the Revenue Fund, and if such proceeds shall be insufficient for such purposes the deficiency shall be supplied first from moneys in the Depreciation Fund and second from moneys in the Operation and Maintenance Fund and third from surplus moneys in the Revenue Fund. Nothing shall be construed as requiring the City to expend any moneys for operation and maintenance of the System or for premiums on its insurance which are derived from sources other than the operation of the System, but nothing shall be construed as preventing the City from doing so.

Section 21. The bonds shall be subject to redemption prior to maturity in accordance with the terms set out in the bond form in Section 8 hereof. In addition, the bonds may be issued as one or more "term bonds" and, if so, shall be subject to mandatory sinking fund redemption prior to maturity on December 1 in the amounts and in the years as requested by the Purchaser. The City covenants and agrees to cause to be paid into the Bond Fund sufficient funds to redeem the bonds in the amounts and on the dates set forth in the bonds. Therefore, in calculating the monthly payments to be deposited into the Bond Fund, the term "next installment of principal" shall include the principal of the bonds maturing on the next principal payment date and the principal of the bonds which will be redeemed in accordance with the mandatory sinking fund redemption provisions of the bonds on the next interest payment date scheduled for such redemption.

The City may acquire bonds by purchase at a price not in excess of par plus accrued interest, inclusive of brokerage fees, and surrender to the Trustee any bonds so acquired, in exchange for which the City shall receive a credit under this Ordinance in an amount equal to the principal amount of the bonds so acquired and surrendered, for and of the then next date for mandatory sinking fund redemption of bonds of the same maturity.

Section 22. Any bond shall be deemed to be paid within the meaning of this Ordinance when payment of the principal of and interest on such bond (whether at maturity or upon redemption as provided herein, or otherwise), either (i) shall have been made or caused to be made in accordance with the terms thereof, or (ii) shall have been provided for by irrevocably depositing with the Trustee, in trust and irrevocably set aside exclusively for such payment, (1) cash fully insured by the FDIC and/or collateralized with Government Obligations (as defined in Section 28 hereof), sufficient to make such payment and/or (2) direct obligations of (including obligations issued or held in book entry form on the books of) the Department of the Treasury of the United States of America ("Investment Securities") (provided that such deposit will not affect the tax exempt status of the interest on any of the bonds or cause any of the bonds to be classified as "arbitrage bonds" within the meaning of Section 148 of the Internal Revenue Code of 1986, as amended (the "Code")), maturing as to principal and interest in such amounts and at such times as will provide sufficient moneys to make such payment, and all necessary and proper fees, compensation and expenses of the Trustee shall have been paid or the payment thereof provided for to the satisfaction of the Trustee.

On the payment of any such bonds within the meaning of this Ordinance, the Trustee shall hold in trust, for the benefit of the owners of such bonds, all such moneys and/or Investment Securities.

When all the bonds shall have been paid within the meaning of this Ordinance and if the Trustee has been paid its fees and expenses, the Trustee shall take all appropriate action to cause (i) the pledge and lien of this Ordinance to be discharged and cancelled, and (ii) all moneys held by it pursuant to this Ordinance and which are not required for the payment of such bonds to be paid over or delivered to or at the direction of the City. In determining the sufficiency of the deposit of Investment Securities there shall be considered the principal amount of such Investment Securities and interest to be earned thereon until the maturity of such Investment Securities.

Section 23. If there be any default in the payment of the principal of or interest on any of the bonds, or if the City defaults in any Bond Fund requirement or in the performance of any of the other covenants contained in this Ordinance, the Trustee may, and upon the written request of the registered owners of not less than 10% in principal amount of the then outstanding bonds, shall, by proper suit, compel the performance of the duties of the officials of the City under the laws of Arkansas. And in the case of a default in the payment of the principal of and interest on any of the bonds, the Trustee may and upon written request of the registered owners of not less than 10% in principal amount of the then outstanding bonds, shall apply in a proper action to a court of competent jurisdiction for the appointment of a receiver to administer the System on behalf of the City and the registered owners of the bonds with power to charge and collect (or by mandatory injunction or otherwise to cause to be charged and collected) rates sufficient to provide for the payment of the expenses of operation, maintenance and repair and to pay any bonds and interest outstanding and to apply the Revenues in conformity with the laws of Arkansas and with this Ordinance. When all defaults in principal and interest payments have been cured, the custody and operation of the System shall revert to the City.

No registered owner of any of the outstanding bonds shall have any right to institute any suit, action, mandamus or other proceeding in equity or at law for the protection or enforcement of any power or right unless such owner previously shall have given to the Trustee written notice of the default on account of which such suit, action or proceeding is to be taken, and unless the registered owners of not less than 10% in principal amount of the bonds then outstanding shall have made written request of the Trustee after the right to exercise such power or right of action, as the case may be, shall have accrued, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers granted to the Trustee, or to institute such action, suit or proceeding in its name, and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby and the Trustee shall have refused or neglected to comply with such request within a reasonable time. Such notification, request and offer of indemnity are, at the option of the Trustee, conditions precedent to the execution of any remedy. No one or more registered owners of the bonds shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of this Ordinance, or to enforce any right thereunder except in the manner herein described. All proceedings at law or in equity shall be instituted, had and maintained in the manner herein described and for the benefit of all registered owners of the outstanding bonds.

No remedy conferred upon or reserved to the Trustee or to the registered owners of the bonds is intended to be exclusive of any other remedy or remedies, and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Ordinance or by law.

The Trustee may, and upon the written request of the registered owners of not less than 50% in principal amount of the bonds then outstanding shall, waive any default which shall have been remedied before the entry of final judgment or decree in any suit, action or proceeding instituted under the provisions of this Ordinance or before the completion of the enforcement of any other remedy, but no such waiver shall extend to or affect any other existing or any subsequent default or defaults or impair any rights or remedies consequent thereon.

All rights of action under this Ordinance or under any of the bonds, enforceable by the Trustee, may be enforced by it without the possession of any of the bonds, and any such suit, action or proceeding instituted by the Trustee shall be brought in its name for the benefit of all the registered owners of such bonds, subject to the provisions of this Ordinance.

No delay or omission of the Trustee or of any registered owners of the bonds to exercise any right or power accrued upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein; and every power and remedy given by this Ordinance to the Trustee and to the registered owners of the bonds, respectively, may be exercised from time to time and as often as may be deemed expedient.

In any proceeding to enforce the provisions of this Ordinance any plaintiff bondholder and the Trustee shall be entitled to recover from the City all costs of such proceeding, including reasonable attorneys' fees.

Section 24. (a) The terms of this Ordinance shall constitute a contract between the City and the registered owners of the bonds and no variation or change in the undertaking herein set forth shall be made while any of the bonds are outstanding, except as hereinafter set forth in subsections (b) and (c).

(b) The Trustee may consent to any variation or change in this Ordinance to cure any ambiguity, defect or omission in this Ordinance or any amendment hereto or to any change that the Trustee determines is not to the material prejudice of the owners of the bonds without the consent of the owners of the outstanding bonds.

(c) The owners of not less than 75% in aggregate principal amount of the bonds then outstanding shall have the right, from time to time, anything contained in this Ordinance to the contrary notwithstanding, to consent to and approve the adoption by the City of such ordinance supplemental hereto as shall be necessary or desirable for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in this

Ordinance or in any supplemental ordinance; provided, however, that nothing contained in this Section shall permit or be construed as permitting (a) an extension of the maturity of the principal of or the interest on any bond, or (b) a reduction in the principal amount of any bond or the rate of interest thereon, or (c) the creation of a lien or pledge superior to the lien and pledge created by this Ordinance, or (d) a privilege or priority of any bond or bonds over any other bond or bonds, or (e) a reduction in the aggregate principal amount of the bonds required for consent to such supplemental ordinance.

Section 25. When the bonds have been executed, they shall be authenticated by the Trustee and the Trustee shall deliver the bonds to the Purchaser upon payment in cash of the Purchase Price. The accrued interest shall be remitted by the Trustee to the City for deposit into the Bond Fund. The expenses of issuing the bonds as set forth in the delivery instructions to the Trustee signed by the Mayor and City Clerk shall be paid from the Purchase Price. The sum from the Purchase Price necessary to establish the Debt Service Reserve at the Required Level shall be remitted by the Trustee to the City for deposit into the Bond Fund. The remainder of the Purchase Price shall be remitted to the City for deposit into a special account in the name of the City designated "Water and Sewer Revenue Bond Construction Fund, Series 2000" (the "Construction Fund"). The moneys in the Construction Fund shall be disbursed solely in payment of the costs of accomplishing the Improvements, and after the Improvements are completed, the costs of extensions, betterments and improvements to the System approved by the City Council, paying necessary expenses incidental thereto, and paying expenses of issuing the bonds. In the case of all items of expense over which the City's consulting engineer (the "Engineer") shall exercise supervision, each check or voucher written on the Construction Fund shall be accompanied by a certificate signed by the Engineer (or by a representative thereof designated by the Engineer) certifying approval thereof.

When all required expenses have been paid and expenditures made from the Construction Fund, this fact shall, if moneys remain in the Construction Fund, be evidenced by a certificate signed by the Mayor and the Engineer, which certificate shall state, among other things, the date of the completion and that all obligations payable from the Construction Fund have been discharged. A copy of the certificate shall be filed with the depository or depositories of the Construction Fund, and a copy with the Trustee, and upon receipt thereof the depository of the Construction Fund shall transfer any remaining balance to the Bond Fund for the purpose of redeeming the bonds.

Section 26. There shall be a statutory mortgage lien upon the water facilities which are part of the System (including all extensions, improvements and betterments now or hereafter existing) which shall exist in favor of the owners of the bonds, and each of them and such water facilities shall remain subject to such statutory mortgage lien until payment in full of the interest on and principal of the bonds, provided, however, that such statutory mortgage lien shall be interpreted according to the decision of the Supreme Court of the State in City of Harrison v. Braswell, *supra*.

Section 27. (a) The City covenants that it shall not take any action or suffer or permit any action to be taken or conditions to exist which causes or may cause the interest payable on the bonds to be included in gross income for federal income tax purposes. Without limiting the generality of the foregoing, the City covenants that the proceeds of the sale of the bonds and Revenues will not be used directly or indirectly in such manner as to cause the bonds to be treated as "arbitrage bonds" within the meaning of Section 148 of the Code.

(b) The City shall assure that (1) not in excess of 10% of the Net Proceeds of the bonds is used for Private Business Use if, in addition, the payment of more than 10% of the principal or 10% of the interest due on the bonds during the term thereof is, under the terms of the bonds or any underlying arrangement, directly or indirectly secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the City, in respect of property or borrowed moneys used or to be used for a Private Business Use; and (ii) that, in the event that both (A) in excess of 5% of the Net Proceeds of the bonds are used for a Private Business Use, and (B) an amount in excess of 5% of the principal or 5% of the interest due on the bonds during the term thereof is, under the terms of the bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the City, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said 5% of Net Proceeds of the bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of the Improvements.

The City shall assure that not in excess of 5% of the Net Proceeds of the bonds are used, directly or indirectly, to make or finance a loan to persons other than state or local governmental units.

As used in this subsection (b), the following terms shall have the following meanings:

"Net Proceeds" means the face amount of the bonds, plus accrued interest and less any bond proceeds deposited into the Debt Service Reserve.

"Private Business Use" means use directly or indirectly in a trade or business carried on by a natural person or in any activity carried on by a person other than a natural person, excluding, however, use by a state or local governmental unit and use as a member of the general public.

The City covenants that it will not enter into wholesale water contracts in the future with non-governmental entities, if such contracts would cause the bonds to become "private activity bonds" within the meaning of Section 141 of the Code.

(c) The bonds are hereby designated as "qualified tax-exempt obligations" within the meaning of the Code. The City represents that the aggregate principal amount of its qualified tax-exempt obligations (excluding "private activity bonds" within the meaning of Section 141 of the Code which are not "qualified 501(c)(3) bonds" within the meaning of Section 145 of the Code), including those of its subordinate entities, issued in calendar year 2000 will not exceed \$10,000,000 (or such higher amount as may be permitted by the Code).

The City further represents that (i) the aggregate principal amount of its tax-exempt obligations (not including "private activity bonds" within the meaning of Section 141 of the Code), including those of its subordinate entities, to be issued in calendar year 2000 will not exceed \$5,000,000, and (ii) at least 95% of the proceeds of the bonds will be expended for the governmental activities of the City.

(d) The City covenants that it will take no action which would cause the bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code. Nothing in this Section shall prohibit investments in bonds issued by the United States Treasury.

(e) The City covenants that it will submit to the Secretary of the Treasury of the United States, not later than the 15th day of the second calendar month after the close of the calendar quarter in which the bonds are issued, a statement required by Section 149(e) of the Code.

(f) The City covenants that it will not reimburse itself from proceeds of the bonds for costs paid prior to the date the bonds are issued except in compliance with United States Treasury Regulation No. 1.150-2.

Section 28. (a) Moneys held for the credit of the Bond Fund shall be continuously invested and reinvested by the City in Permitted Investments (as hereinafter defined), all of which shall mature, or which shall be subject to redemption by the holder thereof, at the option of such holder, not later than the payment date for interest or principal and interest.

(b) Moneys held for the credit of the Debt Service Reserve shall be invested and reinvested by the City in Permitted Investments, all of which shall mature, or which shall be subject to redemption by the holder thereof, at the option of such holder, not later than five (5) years after the date of investment or the maturity date of the bonds, whichever is earlier.

(c) Moneys held for the credit of any other fund shall be continuously invested and reinvested by the City in Permitted Investments or other investments as may, from time to time, be permitted by law, which shall mature, or which shall be subject to redemption by the holder thereof, at the option of such holder, not later than the date or dates when the moneys held for the credit of the particular fund will be required for purposes intended.

(d) Obligations so purchased as an investment of moneys in any fund shall be deemed at all times to be a part of such fund and the interest accruing thereon and any profit realized from such investments shall be credited to such fund, and any loss resulting from such investment shall be charged to such fund, except that interest earnings and profits on investments of moneys in the Debt Service Reserve which increase the amount thereof above the Required Level shall to the extent of any such excess be transferred from time to time into the Bond Fund and used as a credit against the monthly Bond Fund payment due.

(e) "Permitted Investments" are defined as (i) direct or fully guaranteed obligations of the United States of America (including any such securities issued or held in book-entry form on the books of the Department of the Treasury of the United States of America) ("Government Obligations"), or (ii) time deposits or certificates of deposit of banks, including the Trustee, which are insured by FDIC, or, if in excess of insurance coverage, collateralized by Government Obligations or other securities authorized by State law to secure public funds.

(f) Moneys so invested in Government Obligations or in certificates of deposit of banks to the extent insured by FDIC, need not be secured by the depository bank or banks.

(g) All investments and deposits shall have a par value (or market value when less than par), exclusive of accrued interest at all times at least equal to the amount of money credited to such funds and shall be made in such a manner that the money required to be expended from any fund will be available at the proper time or times.

(h) Investments of moneys in all funds shall be valued in terms of current market value as of the last day of each year, except that direct obligations of the United States (State and Local Government Series) in book-entry form shall be continuously valued at par or face principal amount.

Section 29. (a) The Trustee shall only be responsible for the exercise of good faith and reasonable prudence in the execution of its trust. The recitals in this Ordinance and in the face of the bonds are the recitals of the City and not of the Trustee. The Trustee shall not be required to take any action as Trustee unless it shall have been requested to do so in writing by the registered owners of not less than 10% in principal amount of the bonds then outstanding and shall have been offered reasonable security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby. The Trustee may resign at any time by giving 60 days' notice in writing to the City Clerk and to the registered owners of the bonds, and the majority in value of the registered owners of the outstanding bonds at any time, with or without cause, may remove the Trustee. In the event of a vacancy in the office of Trustee, either by resignation or by removal, the majority in value of the registered owners of the outstanding bonds may appoint a new Trustee, such appointment to be evidenced by a written instrument or instruments filed with the City Clerk. If the majority in value of the registered owners of the outstanding bonds shall fail to fill a vacancy within 45 days after the same shall occur, then the City shall forthwith designate a new Trustee by a written instrument filed in the office of the City Clerk. The original Trustee and any successor Trustee shall file a written

acceptance and agreement to execute the trust imposed upon it or them by this Ordinance, but only upon the terms and conditions set forth in this Ordinance and subject to the provisions of this Ordinance, to all of which the respective registered owners of the bonds agree. Such written acceptance shall be filed with the City Clerk and a copy thereof shall be placed in the bond transcript. Any successor Trustee shall have all the powers herein granted to the original Trustee.

(b) Every successor Trustee appointed pursuant to this Section shall be a trust company or bank duly authorized to exercise trust powers and subject to examination by federal or state authority, having a reported capital and surplus of not less than \$5,000,000.

(c) Any resignation by the Trustee shall not be effective until the appointment of a successor Trustee under this Section.

Section 30. In the event the office of Mayor, City Clerk, City Treasurer, or City Council shall be abolished, or any two or more of such offices shall be merged or consolidated, or in the event the duties of a particular office shall be transferred to another office or officer, or in the event of a vacancy in any such office by reason of death, resignation, removal from office or otherwise, or in the event any such officer shall become incapable of performing the duties of his office by reason of sickness, absence from the City or otherwise, all powers conferred and all obligations and duties imposed upon such office or officer shall be performed by the office or officer succeeding to the principal functions thereof, or by the office or officer upon whom such powers, obligations and duties shall be imposed by law.

Section 31. The City covenants that it will faithfully and punctually perform all duties with reference to the System required by the Constitution and laws of the State, including making and collecting of reasonable and sufficient rates lawfully established for services rendered by the System, segregating Revenues and applying them to the respective funds herein identified.

Section 32. The provisions of this Ordinance are hereby declared to be separable and if any provision shall for any reason be held illegal or invalid, such holding shall not affect the validity of the remainder of this Ordinance.

Section 33. All ordinances and resolutions or parts thereof in conflict herewith are hereby repealed to the extent of such conflict.

Section 34. The City is under an administrative order from the Arkansas Department of Environmental Quality to undertake the Improvements relating to sewer. It is hereby ascertained and declared that the Improvements must be accomplished as soon as possible in order to make the System adequate for the needs of the City and its inhabitants, without which the life, health, safety and welfare thereof are jeopardized, and that the issuance of the bonds and the taking of the other action authorized by this Ordinance is necessary for the accomplishment thereof. It is, therefore,

declared that an emergency exists and this Ordinance being necessary for the immediate preservation of the public peace, health and safety shall take effect and be in force from and after its passage.
